HW-14S

ZENKO Spring
MODEL SC-D

INCHING

HIGH-SPEED CHEESE WINDER WITH ROTARY TRAVERSE WINDER

HW-14S

HW-20S

● FEATURES

1. Simple threading allows to operate easily.
2. The special drum processed with hard alumite assures smooth running and the least noise.
3. Easy adjustment of the thread-winding volume of thread is controlled by the Timer. As to HW-20S the Limit Switch stops the Winder automatically if the thread is broken.
4. Compactly designed this machine is easy to carry.
5. All kinds of threads (for embroidery, decorative sewing and quilting machine) can be wound on each bobbin with and without brim.
6. The intermittent movement switch allows simple winding start setting.
