

Registration

Thank you for taking the time to register with us. As a dealer, distributor or other reseller you are the focus of our website effort. Our goal is to make this site as productive for you as possible. Once we have completed our due diligence to validate your registration (we must do this to prevent sewn products manufacturers and other end users from gaining access to pricing information), you will have access to pricing information, product availability information and full e-commerce. Until then, you will have access to only the information available to sewn products manufacturers and other end users. We will notify you by e-mail once we have validated your application.

We look forward to many visits from you. As you use this site, we hope that you will provide us with feedback on ways to make it even more useful.
